Percentage - 80.83%

Secondary School - SSLC
Smt.C.B.P.Jain School 2017 - 2018
Percentage - 90.4%

CERTFICATION

Complete Python Developer in 2023
Zero To Mastery Academy

Complete SQL and Databases Bootcamp in 2023
Zero To Mastery Academy

PROJECT

Title: STUDENT MANAGEMNT SYSTEM
Languages: Html, CSS, Python(flask)
Database: MySQL
Description:

This Student Management System developed using Python Flask, HTML, CSS, and MySQL is a web application that allows users to manage student-related information, such as student records, enrollment, grades, attendance, and more. Flask is a popular Python web framework that provides tools and libraries for building web applications, while HTML and CSS are used for creating the user interface.

MySQL is a relational database management system that is commonly used with Flask for storing and retrieving data. It provides a structured way to store information in tables and allows for efficient querying and manipulation of the data.
